

X200 Power-Hub

A CLEAN, GREEN, PORTABLE POWER SYSTEM

Indoor/Outdoor

Off-Grid

Emergency

Hobbyist/Recreation

Produce energy on demand by cranking the built-in generator at a comfortable 60 RPMs.

**High efficiency, 100 Watt
hand crank generator**

Power When and Where You Need it Most

The X200 Power-Hub is an innovative and versatile Portable Power System that can power lights, smartphones, laptops, and other electronic devices when outlets or grid power aren't available.

Perfect for both indoor and outdoor use, the X200 provides safe, clean, and reliable power in any environment and at a moment's notice – from natural disasters to a dead car battery, the X200 is your power source when and where you need it most.

It is the definitive portable power solution for camping, outdoor gatherings, off-grid applications, and emergency power for when the power goes out.
